

Transnational GPP Network: *3rd Joint Meeting*

16 November 2026 - Online | 11:00-12:30 (CEST)

This third joint meeting of the **GPP2ADRION Transnational Network** will focus on practical experiences and applications of Green Public Procurement, while taking stock of the project's key results and defining the Network's priorities for the months ahead.

The thematic session will showcase **two practical examples** of GPP implementation: circular procurement strategies from the City of Zurich, focusing on bridging the innovation gap between buyers and suppliers to unlock sustainable solutions, and green tenders for the energy refurbishment of public buildings, featuring operational insights and lessons learned from the Greek GRASPINNO pilot experience.

Each thematic session will conclude with an interactive **Live Poll and Q&A**, providing participants with an opportunity to share their feedback, assess the session and suggest topics and areas of interest for future Network meetings.

Session Details

 16 November 2026; ~90 minutes

 Online (Google Meet, Zoom)

 Language: English

Key Topics

- GPP2ADRION results and the Transnational Network's priorities
- GPP in practice: fostering market-buyer collaboration and regional procurement
- Practical GPP approaches: energy efficiency in public infrastructure, improving product design and extending product lifetimes
- Interactive discussion: shaping the future activities of the Network together

Agenda

16 November 2026

Moderator: *Debora Molinaro*, Communication Assistant GPP2ADRION, University of Padova

11:00 - 11:10 GPP2ADRION: Project Overview & Transnational Network

Brief project overview recap, stakeholder engagement, and the Transnational Network's roadmap and priorities

- **Angela Plaku**, Communication Officer, Forum AIC (Italy)
